This year we are focusing our efforts on raising \$10,000 to purchase a Portable Lumify Ultrasound which will enable the Stroke Ambulance Medics to more quickly and more accurately locate a vein to administer the Contrast Injector which inject the dye that enables the clot in the brain to show up on the CT Scan. Then the Medics can more quickly administer the lifesaving medication.

Every minute counts, and the Portable Lumify Ultrasound will enable faster diagnosis and quicker treatment.

Why not support this worthwhile cause by promoting it in your Order.
